PASSAGE OF THE CURRENCY BILL

Two Virginians Very Prominent in Getting Measure Through.

GLASS AND MONTAGUE

Lynchburg Congressman Congratulated on His Expertness in Handling the Matter.

Washington, Sept. 19.—When the House passed the currency bill yesterday afternoon, members crowded around Chairman Carter Glass, of the Banking and Currency Committee, and showered him with handshakes and congratulations on the excellent way in which he had put the bill through the legislative mill. It is extremely doubtful, if, in the history of the House, such a technical measure, and one dealing with such important and difficult problems, has ever been passed within so brief a time.

From the very day that Mr. Glass was made chairman of the Banking and Currency Committee, succeeding Former Representative Pujo ,of Louisiana, who retired at the end of the last session, he has given practically every workring hour to the work of preparation and passing of this bill. In committee, in private caucus, and on the floor of the House, it has been noticeable that Mr. Glass, who, before this time, was not known as a financial specialist, has proven himself to be one of the best posted banking and currency men in the United States.

There are two things that stand out most prominently in connection with Mr. Glass's connection with the bill which has just passed the House, and which will become a law as soon as it has passed the Senate and has received the signature of the President— one is the way in which he insisted upon a strict compliance with the administration purposes and the platform of the Baltimore convention, and the other is the effective method of taking care of the measure when attacked on the floor of the House by various members. In the passage of the bill, while it has been under consideration there has been a good opportunity for Mr. Glass to show what kind of a fighter he is, and those who have followed its course will testify that in all of the arguments he has easily come off the winner.

Without disparaging the efforts of the other members who have had bills in charge from time to time, it is only fair to them and to Mr. Glass to say that considering the many technicalities which surrounded the preperation and passage of the currency bill, Mr. Glass has shown himself to be a past master of finance. His intimate knewledge upon these technical questions, which he has shown for weeks past, has stamped Mr. Glass as the right man to head this committee. In the success with which he has met in his efforts the "Virginia Congressman" has made a big reputation for himself and has accomplished much for his party in putting the currency bill through the House in record time.

When the fight was hottest yesterday it was another Virginian—Congressman Montague—who prepared and helped pass the amendment which provides that nothing in this act shall be considered to repeal the parity provision contained in an act approved March 4th, 1900, entitled an act to define and fix the standard of value (the gold standard) to maintain the parity of all forms of money issued or coined by the United States, to refund the public debt, and for other purposes.

Mr. Montague then made a few well-chosen remarks on free silver and the gold standard and urged the immediate passage of the bill as the committee had intended it.

NEWS OF THE DAY.

Two bandits last night shot and killed J. H. Thompson and Edward Smith and fatally wounded Paul Townsend, all clerks in J. J. Thompson's jewelry store at Grand Rapids, Mich., and escaped with a considerable amount of cash and several diamonds. As the men dashed from the store they knocked down J. J. Thompson, the owner, who had been attracted to the scene by the shots. A number of persons were passing the store at the time of the shooting. As the men rushed out of the doorway they flourished their revolvers and threatened to shoot anybody attempting to follow them.

The Administration currency bill was passed yesterday by the House by a vote of 84 to 286. A number of Republicans joined with the Democrats on the final roll call. Previous to a final vote the House defeated, by a vote of 100 to 266, a motion to recommit the measure and insert a provision prohibiting interlocking directorates. The motion to recommit was offered by Representative Walters, a Pennsylvania Progressive, and received the report of the radical element of all three parties. The so-called gold standard amendment, which reaffirms the act of 1900, was approved. Sixty-seven silver Democrats and two Republicans—Representatives Lindbergh, of Minneapolis, and Roberts, of Nevada,—voted against this amendment. Only three Democrats deserted their party and voted against the measure on final roll call. They are Elder, of Louisiana; Calloway, of Texas, and Witherspoon, of Mississippi.

The Oriental Limited, banner train of the Chicago, Burlington and Quincy Railroad, was derailed yesterday at Winona, Minn. None of the passengers was severely hurt. One trainman was injured . The cars rolled down an embankment. The fact that the coaches were of steel construction prevented injury to the passengers, according to railway men.

Five men were drowned yesterday when the schooner B. B. Curret, from New Orleans, went down with its cargo of gasoline and pig iron. A negro deckhand who was put in a small yacht to take the wife of the captain ashore and the woman were the only survivors.

The boys attending the schools connected with the Catholic Cathedral at Dublin, Ireland, joined the ranks of the strikers Wednesday. When the hour arrived for a lesson requiring the use of books supplied by a firm which had locked out workmen belonging to the Transport Workers' Union, the boys immediately rebeled. An attempt at coercion was followed by an attack on the masters. Boys armed with slates fiercely attacked their teachers, two of whom had to be taken to a hospital.

Princess Sophia, of Saxe-Weimar-Eisenbach, Germany, a beautiful young woman unusually popular, of sunny disposition, and much courted by the officers with whom she often rode behind the hounds at the Baden court hunts, committed suicide early yesterday morning. Her body with a bullet wound in the temple was found in her room in the palace of her father, Prince William. The death of the princess was due to a love affair. She was engaged to Hans von Bleichroder, the eldest son of the senior member of one of the most powerful banking houses in Germany. When the engagement was anounced prematurely some months ago, it was learned that the reigning Grand Duke Prince William Ernest strenuously prohibited the union unless the princess renounced all her titles and dignities. This she refused to do.

Charged with complicity in the murder of J. C. Hammons, their father, Oscar Hammons, a merchant of Dunnegan, Mo., and Albert and Arthur Hammons, wealthy farmers, were held to the criminal court yesterday. The body of the elder Hammons, bearing three bullet wounds, was founfl on the farm June 12 last. Lloyd Hammons, the fourth son, charged by the State with firing the fatal shots, has not been found. During the preliminary hearing it developed that the state will attempt to prove that the four brothers conspired to kill their father in order to get possession of a valuable estate.

SUFFRAGETTES OF THE OLD DOMINION

Shake Out Banners and Sound War Cry "Votes For Women."

IS NO NEW WRINKLE.

Claims From Files of Paper That Movement Was Started Eighty-four Years Ago.

Richmond, Va., Sept. 19.—Evidence in the form of a clipping from the Richmond Enquirer of 1819 to disprove the gibe that the votes for women is a new wrinkle for the entertainment of unemployed social ladies, was produced at a reception last night in the Equal Suffrage League headquarters upon the occasion of the opening of the fall campaign.

"The demand for equal suffrage in Virginia, is no new thing" she said Miss Mary E. Frayser, of South Carolina, speaking to the large gathering. "This clipping shows that eighty-four years ago, in 1829, the women of this state petitioned the Virginia Convention for the right to exercise the voting franchise."

The new state headquarters of the league were formerly opened last night. The small auditorium in the Commercial Building on Second St., between Broad and Grace, was crowded with men and women, and there were enough people unable to gain admittance to the hall to hold an overflow meeting in the next room. Violin and piano selections occupied a place on the program of the evening, and refreshments were served. Many names were signed to the petion which is to be handed to the next General Assembly.

For several months the suffrage hosts have rested on their arms;last night the banners were shaken out anew, the battle cry sounded and the forces assembled to do battle against opponents in the Virginia Legislature and the Society for the Prevention of Equal Suffrrage next January. Out of the calm came the prophecy that the fight for the female suffrage amendment will be warmer than ever before.

Following a short introductory address by Mrs. B. B. Valentine, president of the league, Miss Frayser was introduced. She ridiculed the idea that women will lose any of her womanliness in taking up political rights, and as for the assertion that women were mentally unfit to exercise the franchise, she produced statistics to prove that more men than women are illiterate in the United States.

RECEIVES HIGH HONOR.

Alexandrian Named as District Deputy Grand Exalted Ruler of Elks.

Alexandria Lodge of Elks has received a signal honor in the appointment today of Robert S. Barrett as District Deputy Grand Exalted Ruler for Virginia. The appointment was made by Edward Leach, of New York, Grand Exalted Ruler of the Order, and was a complete surprise to Mr. Barrett. His jurisdiction will comprise the western district of Virginia, including the lodges at Fredericksburg, Lynchburg, Danville, Roanoke, Charlottesville, Winchester, Front Royal, Pulaski, Bristol, Staunton, Harrisonburg and Alexandria. He succeeds H. B. Trundle, of Danville.

Mr. Barrett is a past exalted ruler of Alexandria Lodge of Elks, having been succeeded by James W. Bales, the present exalted ruler, six months ago. He was chairman of the building committee having in charge the erection of the new Elks' Home in this city.

The appointment of Mr. Barrett makes the first time that Alexandria Lodge has had a district deputy among its members.

The district deputy is required to visit all lodges in his district and is the sole representative of the grand lodge in his jurisdiction. He institutes all new lodges and must also attend the meeting of the grand lodge which will be held next year in Denver, Col.

FRATERNAL AMERICANS.

Official Visitation of Washington Councils Last Night.

The smoker given last night in Sarepta Hall by Alexandria Council, No. 35, Order Fraternal Americans, was well attended and voted a decided success by all present. The officers and many members of the councils from the District of Columbia attended, on invitation of the Alexandria Council. The visitors, numbering about 150, represent Mount Vernon Council, Anacostia Council, Andrew Jackson Council, and the Washington Council, all from the District of Columbia.

Speeches were made by many of the visiting members and officers of the visiting councils, and responses on behalf of Alexandria Council were made by Rev. C .R. Strausburg, J. H. Trimyer and O. H. Daniels.

During the evening a resolution of sympathy was unanimously adopted by all present, on behalf of J. R. Mansfield, secretary of Alexandria Council, who is at Johns Hopkins Hospital, Baltimore, undergoing an operation on his eyes.

Invitations were extended by the four visiting councils to Alexandria Council to attend a smoker to be given in Washington during October.

SENT TO THE ROADS.

Young Hobo Been Soliciting Money In Alexandria During Past Two Weeks.

A young man named Edward Jones, who seems to have started out in life with no ambition beyond that of being a mendicant and a tramp, was brought into Police Court by Officer Norris this morning to answer the charge of vagrancy. It was shown by witnesses that he had been "holding up" people in this city during the past two weeks begging for money.

The accused told the court if liberated he would start immediately for Muncie, Ind. His request was denied and he was ordered to serve 90 days. on the roads.

The season for an influx of tramps into Alexandria is aproaching.If such are made aware of the fact that they are liable to spend the winter and possibly part of the next spring on the roads of Virginia, they may give our city a wide berth.

HOWARDS SELL FOR LESS.

Despite the sharp increase in the cost of all food stuffs the prices at F B. Howard & Bros., at 823 King street, do not show any considerable changes acording to their advertisement in today's Gazette. Much of their stock is purcahsed on long contracts which protect their customers. Then too, their policy of the lowest profits, consistent with good business management, makes it possible for them to sell closer than the ordinary grocer. Try them on your order tomorrow and you will effect a considerable saving on your weekly bill.

RANDOLPH-MACON COLLEGE MATTER

Status of Case Said to be Unchanged by Court Decision.

NOT BINDING IN LAW.

Attorney Explains Opinions—Established Right of Board to Make Agreement.

Richmond, Sept. 19.—The mistaken impression that the decision of Judge Chichester in the controversy between majority and minority members of the Randolph-Macon board of trustees makes it legally obligatory upon the board to submit names to the Methodist conferences for confirmation before filling vacancies on the board was corrected last night by A. W. Patterson, attorney for the majority members. "The decision of Judge Chichester," said Mr. Patterson, "merely establishes the right of the board to enter into such an agreement with the conferences of the Church." An attempt on the part of the conference to force the board to abide by that agreement would hardly hold in law, he thought.

"However," said Mr. Patterson, "the question is an academic one. The agreement is binding in honor and of course neither side will ever wish to violate it."

The injunction secured by a minority of the members of the board of trustees restraining the majority from taking action under this resolution was based on the claim that such an agreement delegated to the conference a portion of their charter rights.

Judge Chichester refused to make the injunction permanent.

"The conferences of the Methodist Church have no nominating power whatever in the matter of filling vacancies on the board of trustees of the Randolph-Macon school system," is the statement made by Mr. Patterson. The sole power, under the resolution adopted as a full settlement of the difficulties between the board and the conferences, is that of ratification. Then filling vacancies which have occurred on the board, the board names the men and sends these recomendations to the conference, which approves or disapproves as it may see fit, but in no case does it have the power to name the new men. If it disapproves of the selection made by the board the fact is noted and other recommendations are made by the trustees.

The resolution of the board of trustees is as follows:

"When vacancies of the board of trustees arise there shall be submitted one name for each vacancy to the conference for approval during the session at which same is presented and when approved we (the board) will elect.

"This resolution is offered as a full settlement of the difference between the conference and the board of trustees."

A little boy named Laycock was accidentally shot by a companion named Poss yesterday. The latter upon examining the injury said the boy should be sent to a Washington hospital as quickly as possible. The shooting was done by a small rifle and was accidental.

SEMINARY HILL NOTES.

New Building Erected at a Cost of $125,000 And Old Structures Renovated.

After completing the erection of three handsome new buildings at a cost of $125,000, a complete renovation of the old buildings and with an enrollment of 150, the largest in the history of the school, the Episcopal High School will open its fall session next Wednesday. The Theological Seminary of Virginia, which adjoins the High Schol, will open on the same date.

The High School will have four new teachers added to its staff this year, Joseph M. Wood M. A., Samuel H. Hubbard, B. A., Robert A. Castleman, Jr., and L. M. Blackford, Jr. Mrs. Mary Kennedy has been appointed as matron.

Dr. L. M. Blackford, who has been the principal of the school for more than fifty years, will not have any active connection with the school this year, having been named as principal emeritus. His place at the head of the institution will be taken by Prof. Archibald Hoxton, who has been associate principal.

The professors of the Seminary who have been absent on vacation are returning to the homes Professor Green arrived from Nimrod Hall, Va., in the Alleghanies on the line of the Chesapeake and Ohio Railroad yesterday. Professor and Mrs. Wallis arrived today from Bradock Heights, Frederick county, Md., and Dean Crawford will arrive from Lexington, Va., early next week. Professor Kennedy spent the summer on the "Hill" and had charge of St. Paul's Church in this city, during Mr. Phillips' vacation. Professors Bell and Rollins were absent part of the summer. Professor Rollins has been supplying the pulpit of Christ Church in this city since his return to the Seminary. About forty students are expected in all at the Seminary this coming session.

During the summer five concrete walks have been laid in the Seminary grounds to take the place of the old gravel ones and the chapel has been refloored in hard wood. These improvements have cost between twelve and fifteen hundred dolalrs, and have been met by what is known as the Class Plan Alumni fund, the inception of which some years ago was due to Dr. Crawford. Each Alumnus, by the respective classes, is called upon to raise ten dollars per annum, and while all have not done this, the majority are deeply interested, and the class solidarity is stimulated thereby to much closer relations with the life of the Seminary.

Dean Crawford will be absent during the greater part of October, as a delegate from the diocese of Virginia to the Episcopal General Convention which meets in New York, on the eighth of that month.

ZIMMERMAN'S FRIED OYSTERS.

The oyster season is now on, and Alexandria's reputation for preparing the bivalves fried (a most inviting form), is well-known. It is a fact that many people who come here from other places during the fall and winter regard dining on fried oysters as one of the pleasures of the visit as do strangers in London when they partake of white bait dinners. C. H. Zimmerman puts up first-class fried oysters, and he sent to this office at lunch time today a dish of the same which were greatly enjoyed.

IMPEACHMENT COURT ASSAILED

Real Fight on Sulzer Matter Begins in New York Assembly.

ALL NIGHT SESSION.

New York Newspaper Man Who Alleged Money Had Been Used, is Sent to A Cell.

Albany, N. Y., Sept. 19.—The real fight to prevent the expulsion from the governorship of William Sulzer began today.

The battery of high priced attorneys who are in charge of his fight concentrated their attacks on the organization of the high court of impeachment.

Under the leadership of former Judge D. Cady Herrick they assailed the legality of the articles of impeachment passed by the assembly. It was a lengthy wrangle in which the question of whether an office holder can be removed (for acts) committed prior to his taking the oath of office was fought out.

Prior to taking up the legality of the entire proceedings the special subcommittee reported the rules of procedure. But the impeachment procedings, solemn and impressive as they were, were overshadowed by sensational developments in the assembly.

That body held an all-night session in an effort to amend the articles of impeachment so that they would include specific charges of usurption of power by Sulzer, such as the pardoning of Banker Robin and the signing as governor of extradition papers, and for having made "inflammatory and untrue" attacks on legislators during his direct primary campaign.

It was unable to muster the votes and shortly before 3 o'clock recessed until noon, while an attempt was made to get absent members back to the city.

READY FOR FOOT BALL SEASON.

At a meeting of the Cardinal A. C. which was held last night it was decided to start practicing Sunday morning at the local ball park, at which time it is expected that many new men will report along with the old team which consists of Hamilton, center, Beahm, and Shaner, guards, Douglas, Dienelt, McDermott, and Ale, tackles, F. Cockrell and Sutherland, ends, Snowden, quarterback, K. Cockrell and McBride, half backs, and Trigger, fullback. Owens, T. Peyton and Sullivan subs.

With the above line-up the Cardinals will again be classed among the best amateur teams in this vicinity and should make a strong bid for the season's championship.

Games are now pending with Annapolis, Baltimore, and Philadelphia teams, which will all be played in Alexandria.

PREPARING FOR RECEPTION.

Arrangements are being made for the reception to the entire membership of the First Baptist Church to be held on October 3rd, in the parlors of the church. The reception will be given by the members of the Ladies' Aid Sciety and the Ladies' Social Union, during which time the work of the church during the five years under the pastorate of Rev. W. F. Watson will be reviewed. A program has been arranged which will include a number of addresses and musical selections.

Kills Crazy Negro.

In a terrific hand-to-hand combat with a crazed and infuriated negro, armed with an axe which occurred in the garage of his residence in Eutaw Place, Baltimore, yesterday, Charles G. Guth, president of the Guth Chocolate Company, shot and mortally wounded his assailant. The negro, George Murphy, who had been Mr. Guth's chauffeur, died while he was being conveyed to a hospital. Mr. Guth was taken to the police station, where he was held pending action by the coroner's jury tomorrow.

CASE IS CONTINUED

Washingtonian Indentifies Bicycle Found in Possession of Young Man

The case of Antonio Fiermonte, who conducts a store on upper King street, charged with receiving and disposing of bicycles known to have been stolen, was called in the Police Court this morning.

Commonwealth Attorney Brent conducted the prosecution. The accused had no counsel.

Robert Nevins, residing at 2605 G street northwest, Washington, testified that he is the owner of the wheel found yesterday by Officer Garvey in possession of a young man named Rich, who claimed he purchased the wheel from Willima Moore. He said the wheel was stolen in Washington in August. The bicycle was fully identified by him. It is of the Dayton pattern and is valued at $35, and was sold to Rich for $6.

One of the wheels alleged to have been stolen is claimed by a Washington fireman, and is valued at $60.

Upon motion of the Commonwealth's Attorney, the case was continued until tomorrow morning in order that the owner of the high-priced machine may be present and identify his property.

TO FACE FOURTH CHARGE.

John Penn, Convicted Three Times of Petit Larceny Since 1904.

As was stated in the Gazette, John Penn, Frank C. Wilkins and John Gilmartin were arrested yesterday by Officers Roberts on the charge of stealing several hundred pounds of rope from W. A. Smoot & Co. The case was called in the Police Court this morning, but upon motion of Commonwealth's Attorney Brent, was continued until tomorrow.

It was later ascertained Penn has been convicted of petit larceny on three occasions since 1904, and should the last charge against him be proven, according to the law he will be sent to the grand jury.

DEATH OF "PROF." CLAY.

Well-Known Palmist Dies Suddenly in Washington.

Henry Clay Davis, generally known as "Professor Clay," died suddenly in Washington last night from acute indigestion. He was about 38 years old.

The deceased was born in Occoquan and in early life took up his residence in Washington, where for a time he practiced palmistry, and his office was the gathering point of many people in the capital city who had faith in his profession. The authorities of Washington finally barred palmists, fortunetellers, clairvoyants, etc., from that city, when Davis removed to this city and rented an office on the west side of Fairfax street, near King. While some Alexandrians paid visits to Davis, most of his callers were from Washington, and he conducted a remunerative business.

Davis paid one hundred dollars a year for the privilege of practicing his calling in Alexandria, as provided in the license ordinance.

CRUSADE AFTER DOGS

Officers Hale Several Persons, White and Colored, to Answer Charges

In pursuance of the orders of Mayor Fisher, the police are on the tracks of person who persist in harboring unlicensed dogs, and this morning several white and colored, were at the bar, some to answer the charge of allowing unmuzzled dogs to run at large and others for harboring specimens of the canine race without having obtained licenses for the same.

The first case called was that of a citizen whose unmuzzled dog had escaped to the street, but which was secured within a few minutes and returned to the yard. He was dismissed.

James Ramseau, colored, was made to face the bar and to show cause why he should not be fined for harboring three unlicensed dogs. In answer to the charge he began to tell the court of his troubles in keeping the wolf from his door, etc.. etc., when he was interrupted and his attention called to the fact that notwithstanding his conflict with poverty, he imagined himself able to keep three dogs. Ramseur was fined $15, but it was subsequently reduced to $10, which sum he paid

Richard Bentley, colored, was charged with allowing an unmuzzled and unlicensed bull dog to run at large. Bentley began his defense by saying the canine was merely a puppy and that it had worn a leather muzzle. The court, however, did not regard the dog as properly muzzled with a leather contrivance, and imposed a fine of $10. The assessment was paid.

Alcinda Johnson, colored, was charged with harboring an unlicensed dog. She, in her defense, said that she had been told no license was required upon the cur, as she spent most of her time in Washington. She was disabused of this notion by the imposition of a fine of $5.

A white man, residing in the northwestern section of the city was shown to be harboring an unlicensed dog. Like others in such a dilemma, he began to describe the variety of the dog, when the court asked if he was of the canine creation. The accused acknowledged that it was, and he was made to pay $5.

BRYAN IN RICHMOND.

and Burton Talk on the Currency Question.

Richmond, Va., Sept. 19.—Members the American Institute of Bank-, in annual session here yesterday ard Senator Theodore E. Burton ack the Democratic Currency Bill. e Senator condemned the regional serve bank plan proposed in the l, but his criticism was aimed iefly at the provision authorizing e federal reserve board to contro. e issuance of curency.

"It is based on an erroneous idea," said, "namely, that a government political organization may proper- assume the providing of a supply of per currency, directly or indirect- It is proposed that the govern- ent shall assume in the first in- ance the redemption of all circula- g notes. This should be left to banks exclusively. It might be cessary for the treasury itself to intain a gold reserve, as is now d for the redemption of green- ks."

The Senator strongly commended e provisions granting authority to tional banks to accept certain clas- of paper, the proposed establish- nt of branches in foreign countries d the recently inserted clause to uire reserve banks receiving the culating notes of other banks to e immediate steps for their re- mption.

Secretary of State Bryan delivered fore the convention virtually his t public speech on the currency just passed by the House.

"Banks exist for the accommoda- on of the public and not for the ntrol of business," he said, and ad- d that in that sentence was a fun- mental truth and one on which all nking legislation should be found- . It was the keynote of the Secre- y's speech.

"We have had for two generations," continued, "legislation on banking stems, but they have been, almost iversally, framed in favor of the nkers. There can be only one pur- se in placing money in banks, that to get it out again. If you think herwise, suppose you draw up a per on this subject."

Mr. Bryan declared Congressman ass' speech on the currency bill be- re the Democratic caucus left lit- or nothing to be said on the sub- t by him or anybody else and he ommended it to the members of banking institute for reading. said the plan to form regional serves for the more equal distribu- n of the money of the country— the decentralization of national ance—was a step in the right di- tion.

The Owens-Glass bill was not wn with the idea of centraliza- n. There has been too much Wall reet. I am in favor of this sys- n of regional banks, for in it I see p for the smaller institutions.

It has been objected that the gov- ment should not issue the money the country. We hear such ob- tion only in times of peace. In es of war there is no question o should issue the money. It must the government. Your legisla- es enact laws whereby men shall hanged, and do you tell me that government has no right to con- a bank?"

DECLARED INSANE.

Prominent Young Lawyer Accused of Death Penalty.

Danville, Va., Sept. 19.—Roy C. Coleman, a widely known young lawyer, who was arrested on a serious charge preferred against him by Helen Schultz, a pretty German girl living in Schoolfield, has been adjudged insane by a commission appointed to ascertain his mental condition.

Dr. L. S Foster, of Norfolk, former superintendent of the Eastern State hospital at Williamsburg, who was called to examine Coleman's mental condition, gave it as his opinion that the young lawyer is mentally weak.

The stories of the affair as they were given out Saturday night differ greatly, but it seems that Helen Schultz went to the office of Mr. Coleman, and while in the office she claims she was assaulted. Upon making an excuse of some kind, she was allowed her liberty and ran screaming into the hall of the building.

Persons along the street heard her cries and an officer was soon upon the scene and arrested Mr. Coleman, who was released under bond for his appearance in court.

Richmond, Sept. 19.—Peter Angelakos, twenty-four years old, was held for the grand jury yesterday morning in police court on a charge preferred against him by his niece, Stella Angelakos, who was recently married to George Apostle. The alleged offense was committed several months ago, but it was not made known until after the wedding, which resulted in the husband causing his wife to swear out a warrant for Angelakos.

BRYAN GETS $350 FOR TALK

Addresses Chautauqua at Home of Jefferson, and Tells Natives he's Virginian at Heart.

Charlottesville, Sept. 19.—Here at the home of Thomas Jefferson, and the seat of the University of Virginia, Secretary Bryan delivered last night his lecture on "The making of a man" to an audience of about 1,500.

In spite of the wretched weather, Bryan's share in the receipts is estimated at $350, and he is scheduled to deliver two lectures today, the first at Culpeper, in the afternoon, and the other at Warrenton, at night.

Bryan reached here from Richmond shortly after 6 o'clock, and was met at station by a big committee from Chamber of Commerce and escorted to Judge Dabney's residence by many persons in automobiles.

The Secretary was greeted at the tent with a chautauqua salute, and in referring to Judge Dabney's words of welcome said that it was some times gratifying to have friends who exaggerated one's virtues, since it makes up for the abuse one received from his enemies.

Bryan said that he felt at home in Virginia, as his father was born not far from Charlottesville, and never allowed his children to forget that he came from the Old Dominion. The first child born in his family, he said, was named Virginia, and he himself always comes from the State with the feeling that the latch string is on the outside.

"TIMES CHANGE AND MEN CHANGE WITH THEM."

The "color line' is not often drawn in England, but the Campbell poor law guardians have declined to appoint a negro as district medical officer on the ground that the poor were very fastidious in such matters. It was admitted during the sessions of the guardians that the black doctor's qualifications were better than those of the other candidates and some of the guardians wanted to treat him as "a brother.' The majority of the guardians, however, supported Dr. Robert Caper, who opposed the appointment of the colored physician. In doing so he said: "

"In plain English he is a negro and as such is not a suitable doctor for posts of this sort. The poor are a great deal more fastidious than people imagine. They would refuse to be attended by a man of color."

"Times change and men change with them"was a common observation in the days of the Caesars. Over three scores years ago the United States was flooded with abolition literature which had been sent to this country from England. Many years before old Zachary Johnson, father of the great lexicographer, allowed his own business to get away from him because he devoted most of his time and means to the abolition movement in America. His son, Samuel Johnson, when in the zenith of his fame, wrote a pamphlet in which he attempted to prove that taxation without representation was not tyranny. In one of his productions against the demands of the colonists he said that "the yelps for liberty were coming from people who were leading negroes."

Many years later Fred Douglas was received with open arms by the people in England.

There has in our day been a notable transition in feeling in the mother country towards colored people. Americans who visit London, notice that no negroes seem to be employed there, and from the statement made above they are persona non grata when they appear as competitors with others in the professions.

THE LATEST COMET.

Professor Barnard Calls it Remarkable Celestial Body.

Chicago, Sept. 19.— Another new comet, the second to be discovered this month has been located definitely in the Constellation Pisces, west of the star Omega, according to an announcement today by President E. E. Barnard, of the Yerkes Observatory, at Williams Bay, Wis.

Professor Barnard terms the new comet "a remarkable celestial body," and declares it is likely to prove of absorbing interest, because it exhibits peculiarities not heretofore observed in comets. It was discovered September 9 by Neujmin, a European astronomer. The first comet was found by Rev. Joel Metcalf on September 1st.

The new heavenly body will not become visible to the naked eye, but can be seen through a five-inch telescope, according to Profesor Barnard. It is said to differ from the Metcalf comet by being periodic.

Collision With Whale.

A collision with a whale caused such serious damage to the Danish steamer Wladmir Reitz that the vessel was forced to put in St. Johns, Newfoundland, for repairs. The accident occurred Monday afternoon about 250 miles east of St. Johns. The crew of the steamer saw the whale approaching at terrific speed, but could not alter the ship's course in time to prevent the impact. The whale struck the steamer head on, knocking a 4-foot hole in the bow. The accident is believed to have killed the whale.

DYING AFTER RAZOR DUEL.

Negroes Fight on Street in Quarrel Over Woman.

Philadelphia, Sept. 18.—One man is dying and another under arrest in the Nineteenth district as the result of a razor duel that occurred last night at Twelfth and Pine streets. According to the police, Howard Foster, and John Carroll, both colored, were attentive to the same woman. Last night the men met and instantly razors were drawn and slashing began. Foster was taken to the Pennsylvania Hospital suffering from wounds in the neck and body that, according to the physicians, will cause his death. Carroll, after receiving treatment for his injuries, was arrested and later held without bail to await the result of his adversery's injuries.

MUST BELIEVE IT.

When Well-Known Alexandria People Tell it So Plainly.

When public endorsement is made by a representative citizen of Alexandria the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney backache, every man, woman or child with kidney trouble will do well to read the following:

Mrs. Maud M. Simpson, 211 Wilkes street, Alexandria, Va., says: "I have recommended Doan's Kidney Pills to my acquaintances during the past two years and I do not hesitate to recommend them publicly. I began using them when suffering from pains in my hips and across my back as the result of disordered kidneys. I can say to any sufferer that Doan's Kidney Pills give relief. I have also given this remedy to my children for kidney weakness and I find it is good for that trouble. No praise is too strong for Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York. Sole agents for the United States.

ENDS LIFE IN FATAL ROOM.

Murder and Four Suicides Have Taken Place in Same Apartment.

Philadelphia, Sept. 19.—In the same room in which a double murder and suicide occurred four months ago and in which three persons have ended their lives, Nicholas Morian, 30 years old, of No. 1712 South Dorrance street, committed suicide yesterday by inhaling illuminating gas. According to the police who investigated the affair, Morian was despondent because he was unable to obtain employment.

It was while his wife Margaret was absent from the house that Morian went to a room on the second floor, and, after closing the doors and windows, turned on the gas. Several months ago a double murder and suicide occurred in the same room, and within the last few years three persons have ended their lives there for one reason or another.

Enormous damage was done yesterday at Ghent, Belgium, by a fire on the grounds of the Ghent exposition. The flames originated in a restaurant and destroyed four neighboring exhibition buildings. All the exhibits were burned.

Fried Oysters at Rammel's Cafe.

PLENTY OF VEGETABLES.

Prices of Staple Articles Show Little Change.

Plenty of vegetables seem to be coming to market at present and the offerings are of very good quality.

Some new vegetables not seen for some time are making their appearance, notably new cauliflower, which is of northern growth and sells at 10 to 25 cents a head. Sugar pears are cheap, selling at 15 cents a quarter peck. Fine Spanish onions sell at 3 for 10 cents. Fine cooking apples may be had for 8 to 10 cents a quarter peck.

The fall crop of tomatoes will be plentiful, and for the next two weeks prices should be reasonable, ranging at from 40 to 65 cents a peck box. as cheap as tomatoes will probably be quoted this year for canning and preserving. New young turnips sell at 5 cents a bunch, some new white radishes are on the market.

Poultry and eggs seem to be holding their own. Fresh eggs are worth 35 cents a dozen. Poultry for roasting bring 30 cents a pound, old hens are 5 cents to 10 cents lower.

Meat is selling at reasonable prices for every kind of choice cut. The best steaks and chops, however, bring as high as 35 cents a pound, but the housewife looking for fine stew meats of the best quality can buy such at prices ranging from 15c to 18c a pound. Pork is offered at reasonable prices, as low as may be expected for this meat.

Fresh fruits are now quite plentiful, but prices are inclined to be rather high for such fruits as are desirable for use in canning and preserving. The short crop of this year is responsible for the high prices. Peaches will not be any cheaper than at present quotations.

JEWS PRAY FOR SULZER.

Stand on Porches of Synagogues Lifting Voice to Heaven.

New York, Sept. 19.—The East Side is praying for Sulzer. Stand some afternoon this week on the porch of any one of fifty synagogues and see the long beards come in to pray. Stand there at sundown, when the crowds in the streets are thickest, and watch the old men separate themselves from the press, climb the steps, and go inside to pray for the man who has told them from a thousand platforms that he is their defender. Those who heard Sulzer's speeches night after night during the campaign, remembers this recurrent phrase.

"Tonight five million Jews in Russia are praying for William Sulzer."

And now when Sulzer is fighting for his honor, New York Hebrews are going to their synagogues to do what Sulzer said so many times their cousins were doing in Russia. They still believe he is their defender. Ever since the Tammany assemblymen and senators began to muster their evidence against Sulzer, the East Side has been in a ferment.

"If the governor is vindicated the East Side will make a hero of him," said Dr. William I. Sirovich, who got up the Sulzer birthday dinner last March. "If he is found guilty the people will say he is a martyr."

BRIDE OF TWO DAYS HELD.

Young Woman of Middleburg to Answer Perjury Charge.

Baltimore, Sept. 19.—A bride of two days, Mrs. Lucy Pearson Goettling, 17 years old, of Middleburg, Va., was held for the action of the Criminal Court yesterday by Justice Sayler, at the Western Police Court, where she was arraigned on the charge of perjury. She was released on $1,000 bail furnished by her father-in-law, Charles A. Goettling, of Howard Park.

Her sister, Miss Catherine Pearson, 15 years old, will face a charge of perjury in the Juvenile Court today. The girls were arrested Monday afternoon in the Western Police Court after they testified in the case of Dr. Charles A. Goettling, of Middleburg, who was charged with performing a criminal operation on the girl he married the following evening.

Dr. Goettling was dismissed after the State failed to produce evidence that the alleged operation had been performed. Assistant State's Attorney Horton S. Smith, who was present at the hearing, requested the warrants for the girl's arrest immediately after Justice Sayler announced that the case against Dr. Goettling was dismissed. Tuesday evening Lucy Pearson and Dr. Goettling were married at the parsonage of Third Reformed Church. The ceremony was performed by Rev. Clayton H. Ranck.

A BIG SUIT OVER FILMS.

Actions Against Virginia and Delaware Corporations.

St. Louis, Sept. 19.—A damage suit for $300,000 was filed in the Circuit Court here yesterday against the Film Exchange Corporation of Virginia, the Mutual Film Corporation of Delaware, the Mutual Film Corporation of Missouri and Frederick A. Keller, St. Louis, agent for the companies.

The suit was brought by the Swanson-Crawford Film Company under the state anti-trust law, which prohibits combinations in restraint of trade and authorizes the recovery of threefold damages.

The Swanson-Crawford Company, which conducted a rental exchange in St. Louis, it is alleged, began buying films from the Mutual Film Corporation of Delaware and the Film Exchange Corporation, which controls eight film manufacturing plants.

Later the Mutual Film Corporation and the Film Exchange Corporation tried to buy the rental exchange of the Swanson-Crawford Company, and failing in that, it is alleged, tried to get control of the capital stock.

TRAIN ON BURNING BRIDGE.

Engineer Sees The Danger, But it is too Late to Stop.

Winona, Minn., Sept. 19.—Six cars of the Great Northern's Eastbound Oriental limited were hurled from the track by a burning bridge on the Burlington Railway, three miles east of East Winona yesterday. Mrs. A. E. Traylor and B. C. Hanawat, both of St. Paul, were hurt, it was said, but only slightly. The cars were later destroyed by fire. The passengers were taken to La Crosse and put on another train bound for Chicago.

The train was running 50 miles an hour and was within 500 feet of the trestle when Engineer A. J. Hadley observed the fire. The emergency brakes were applied, but it was too late to stop.
